

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 10/30/2020

Under ODE’s **Ready Schools, Safe Learners** guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school’s plan to the local school board and make the plans available to the public. This form is to be used to document a district’s, school’s or program’s plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Dayton Junior High/High School
Key Contact Person for this Plan	Steve Sugg
Phone Number of this Person	(503)864-2215 ex 360
Email Address of this Person	steve.sugg@dayton.k12.or.us
Sectors and position titles of those who informed the plan	Beth Wytoski: HS teacher Josh Crawford: AD/Dean of students Sherri Sinicki: Vice Principal Mandy Stahl: Special Ed Michelle Borst: Junior high teacher Efrain Arrendondo: Tech and classroom teacher Maria Del Rayo: Migrant and ELD Norma Huettl: Leader Cafeteria Molly Arce: HS secretary Janelle Jackson: Alt. ED Mike Solem: JH/HS principal Dave Fluke: HS Teacher
Local public health office(s) or officers(s)	Lyndsey Manfrin

Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	JR/HS: Josh Crawford and Staff Grade Schools
Intended Effective Dates for this Plan	2020-21 school year

¹ For the purposes of this guidance, “school” refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools, and the Oregon School for the Deaf.

² For the purposes of this guidance, “district” refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

ESD Region	Willamette
------------	------------

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

With a desire to support the diverse needs of students, families, and employees in the Dayton school district, equity has been our main focus. All families within the Dayton School District have been surveyed regarding student engagement and success will be used to identify focal communities of students in need of targeted support.

Among students in the Dayton School District,

- 100% access free and reduced lunch
- 38% of our students identifying as Hispanic
- 14% eligible as students with disabilities
- 21% are emerging bilingual students

3. Indicate which instructional model will be used.

Select One:

- On-Site Learning Hybrid Learning Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Health Metrics for Returning to In-Person Instruction

OPERATING WITHIN THE GENERAL METRICS

- The school meets eligibility for the “Safe Harbor Clause” as they were operating with in-person instruction in compliance with previous metrics, including under any prior exceptions. *Unless operating under an exception in section 0d of the **Ready Schools, Safe Learners** guidance, if the school is located in a county with metrics in the “Distance Learning” column of the metrics chart, then the school must transition to distance learning by January 4, 2021.*
- The school currently meets the General Metrics to successfully reopen for in-person instruction in an On-Site or Hybrid (On-Site and Distance Learning) model. *If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.*

EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET

- The school currently meets the criteria required to provide limited in-person instruction (LIPI) for specific groups of students (see section 0d(1) of the **Ready Schools, Safe Learners** guidance).
- The school is small and remote (enrollment ≤75) and the LPHA has established that the school currently meets the criteria required for small remote schools (see section 0d(2) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the conditions required for to provide in-person instruction under the low population density, large population county exception (see section 0d(3) of the **Ready Schools, Safe Learners** guidance).
- The school is eligible for an emergency waiver for in-person instruction due to the impact of wildfires (see section 0d(4) of the **Ready Schools, Safe Learners** guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Implement measures to limit the spread of COVID-19 within the school setting. <input checked="" type="checkbox"/> Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19. Examples are located in the Oregon School Nurses Association (OSNA) COVID-19 Toolkit. <input checked="" type="checkbox"/> Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. <input checked="" type="checkbox"/> Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school 	<p>The Dayton School District follows the published Communicable Disease Guidelines from the Oregon Department of Education and the Oregon Health Authority.</p> <p>The Dayton School District also follows School Board Policies GBEB, JHCC and GBEB/JHCC-AR</p> <p>Increasing accountability with distance with Josh Crawford and other staff as designated.</p> <p>LPHA-Lyndsey Manfred</p>

- policies and plans. Review relevant local, state, and national evidence to inform plan.
- ☒ Process and procedures established to train all staff in sections 1 - 3 of the **Ready Schools, Safe Learners** guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible.
 - ☒ Protocol to notify the local public health authority ([LPHA Directory by County](#)) of any confirmed COVID-19 cases among students or staff.
 - ☒ Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas.
 - ☒ Process to report to the LPHA any cluster of any illness among staff or students.
 - ☒ Protocol to cooperate with the LPHA recommendations.
 - ☒ Provide all logs and information to the LPHA in a timely manner.
 - ☒ Protocol for screening students and staff for symptoms (see section 1f of the **Ready Schools, Safe Learners** guidance).
 - ☒ Protocol to isolate any ill or exposed persons from physical contact with others.
 - ☒ Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the **Ready Schools, Safe Learners** guidance).
 - ☒ Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the [Oregon School Nurses Association COVID-19 Toolkit](#).
 - If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the **Ready Schools, Safe Learners** guidance), the daily log may be maintained for the cohort.
 - If a student(s) is not part of a stable cohort, then an individual student log must be maintained.
 - ☒ Required components of individual daily student/cohort logs include:
 - Child's name
 - Drop off/pick up time
 - Parent/guardian name and emergency contact information
 - All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers who interact with a stable cohort or individual student
 - ☒ Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed.
 - ☒ Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site.
 - ☒ Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19.
 - ☒ Designate a staff member and process to ensure that the school provides updated information regarding current instructional models and student counts and reports these data in [ODE's COVID-19 Weekly School Status](#) system.
 - ☒ Protocol to respond to potential outbreaks (see section 3 of the **Ready Schools, Safe Learners** guidance).

Professional development: There will be an in-service day for training/professional development. There will also be continuous staff training throughout the year.

Screening/Isolation: Visual screening of all students and staff is outlined in 1e. Potentially symptomatic students will be isolated following guidance outlined in 1h and 1f

Supervisors when needed: Specified staff
 Rooms: JH/HS:RR room/junior high counseling center.

Disinfect between each cohort: Each student will clean their area before they leave and students will clean when they come in

Designating cleaning staff/times: see page 25 2-J, track who has cleaned and who did not. **Documentation** (needs to be created): communication log in each classroom signed off.

Staff cleaning before changing cohort

Contact Tracing: Contact tracing logs will be kept for each student/cohort

Outbreak plan: The Dayton School District Outbreak Protocol is outlined in section 3a.

1b. HIGH-RISK POPULATIONS

- ☒ Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models.

Medically Fragile, Complex and Nursing-Dependent Student Requirements

- ☒ All districts must account for students who have health conditions that require additional nursing services. Oregon law ([ORS 336.201](#)) defines three levels of severity related to required nursing services:

1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services.
2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services.
3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services.

- ☒ Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law:

- Communicate with parents and health care providers to determine return to school status and current needs of the student.
- Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services.
- Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations.
- The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the [Oregon School Nurses Association](#).
- Service provision should consider health and safety as well as legal standards.
- Appropriate medical-grade personal protective equipment (PPE) should be made available to [nurses and other health providers](#).
- Work with an interdisciplinary team to meet requirements of ADA and FAPE.
- High-risk individuals may meet criteria for exclusion during a local health crisis.
- Refer to updated state and national guidance and resources such as:
 - U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.
 - ODE guidance updates for Special Education. Example from March 11, 2020.
 - OAR 581-015-2000 Special Education, requires districts to provide ‘school health services and school nurse services’ as part of the ‘related services’ in order ‘to assist a child with a disability to benefit from special education.’
 - OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion.

1) All staff and students given the opportunity to self-identify as vulnerable or living with a vulnerable family member.

Staff

**Plan includes classified and teachers self-identifying*

- All Redeployed staff will have the option of taking FMLA, work tasks without in-person contact, (i.e., maintenance projects, office work), or leave options
- Redeployed classified staff members assigned to on-line instructional support.

Redeployed teachers assigned to online primary instruction as lead teacher or supporting teacher per grade band.

Students

- All students identified as vulnerable, either by a physician, or parent/guardian notification, will be enrolled in online instruction with twice weekly check-ins.
- Students who experience disability will continue to receive specially designed instruction.
- Students with language services will continue to receive English Language Development.

Visitors/Volunteers

Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel. **PARENTS NEED TO CHECK IN**

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings. <input checked="" type="checkbox"/> Support physical distancing in all daily activities and instruction, maintaining six feet between individuals to the maximum extent possible. <input checked="" type="checkbox"/> Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc. <input checked="" type="checkbox"/> Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering). <input checked="" type="checkbox"/> Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline. <input checked="" type="checkbox"/> Staff must maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings. 	<p>CLASSES WILL BE SPLIT INTO A AND B GROUPS.</p> <ul style="list-style-type: none"> ● A GROUPS WILL ATTEND TUESDAY/THURSDAY ● B GROUPS WILL ATTEND WEDNESDAY/FRIDAY <p>6th-12th grade Classroom</p> <ul style="list-style-type: none"> ● Develop class rosters to have maximum of the 35 square foot guidance between individuals. <p>Hallways Hallways will be marked with one-way directions and markers to keep physically distant</p> <p>No lockers unless there is an urgent need approved by administration</p>

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Where feasible, establish stable cohorts: groups shall be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> ● The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. <input checked="" type="checkbox"/> Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools must plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. Cohorts may change week-to-week, but must be stable within the educational week. <input checked="" type="checkbox"/> Each school must have a system for daily logs to ensure contract tracing among the cohort (see section 1a of the <i>Ready Schools, Safe Learners</i> guidance). <input checked="" type="checkbox"/> Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms. <input checked="" type="checkbox"/> Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort. <input checked="" type="checkbox"/> Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards, and peers. <input checked="" type="checkbox"/> Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts. 	<p>Transportation Cohort</p> <ul style="list-style-type: none"> ● This is a stable group of students each day. ● Updated contact-tracing logs are required for each run of a route. <p>In-building cohorts</p> <ul style="list-style-type: none"> ● Students will be assigned a cohort based on classes assigned and family groupings. Two large sections broken in to smaller cohorts. ● Sample student schedule: students will attend all of their classes two days a week and participate in distance learning the other two days <p>4-day students will be grouped in a way to continue the two large sections broken in to smaller cohorts.</p>

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease. <input checked="" type="checkbox"/> Develop protocols for communicating with students, families and staff who have come into close contact with a person who has COVID-19. 	<p>A letter outlining the instructional model, the rationale and vision behind it and specific infection control measures will be shared with all families in their native language through print and electronically when available.</p> <p>Additional communication regarding protocols will be shared with families and staff in August prior to the start of on-site instruction.</p>

<ul style="list-style-type: none"> ● The definition of exposure is being within 6 feet of a person who has COVID-19 for at least 15 cumulative minutes in a day. ☒ Develop protocols for communicating immediately with staff, families, and the school community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding. ☒ Provide all information in languages and formats accessible to the school community. 	<p>Updated communication will be shared with families at least monthly or as updated information is available throughout the school year.</p>
--	---

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> ● Primary symptoms of concern: cough, fever (temperature of 100.4°F or higher) or chills, shortness of breath, difficulty breathing, or new loss of taste or smell. ● Note that muscle pain, headache, sore throat, diarrhea, nausea, vomiting, <i>new</i> nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. ● In addition to COVID-19 symptoms, students must be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-11 of OHA/ODE Communicable Disease Guidance for Schools. ● Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face (lighter skin); greyish lips or face (darker skin) ○ Other severe symptoms ☒ Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health. <ul style="list-style-type: none"> ● Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the <i>Ready Schools, Safe Learners</i> guidance) and sent home as soon as possible. See table "Planning for COVID-19 Scenarios in Schools." ● Additional guidance for nurses and health staff. ☒ Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19. See table "Planning for COVID-19 Scenarios in Schools." ☒ Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication must be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school. ☒ Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<p>Arrival and Entry</p> <ul style="list-style-type: none"> ● Each student will be assigned an entrance point (i.e., a specific door) to the school building. ● They will go directly to their first content cohort (i.e., the students in their first period class) through their assigned entry door. ● Staff will be present at each entry point to visually screen students for symptoms. ● Breakfast in the classroom during first period <p>Screening Students Upon Entry</p> <p>Staff will be assigned to each entry door to visually screen.(detailed plan forthcoming)</p> <ul style="list-style-type: none"> ● When the screening indicates that a student may be symptomatic, the student is directed to the office. *Follow established protocol from CDP (see section 1a). ● Handwashing stations or hand-sanitizers will be placed by each entrance prior to student entrance to classes, or students will utilize classroom stations to wash hands. ● There are transportation specific screening protocols that must be followed. See section 2i for more information. <p>Logging for Contact Tracing</p> <ul style="list-style-type: none"> ● Staff assigned to each entry door will need to maintain contact tracing logs with information about each student who entered and other students with whom they came in contact during entry. <p>Screening Staff:</p> <ul style="list-style-type: none"> ● Staff are required to report when they may have been exposed to COVID-19. ● Staff are required to report when they have symptoms related to COVID-19. <p>Staff members are not responsible for screening other staff members for symptoms.</p>

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Restrict non-essential visitors/volunteers. <ul style="list-style-type: none"> ● Examples of essential visitors include: DHS Child Protective Services, Law Enforcement, etc. ● Examples of non-essential visitors/volunteers include: Parent Teacher Association (PTA), classroom volunteers, etc. 	<ul style="list-style-type: none"> ● Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.

- ☒ Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19. [See table “Planning for COVID-19 Scenarios in Schools.”](#)
- ☒ Visitors/volunteers must wash or sanitize their hands upon entry and exit.
- ☒ Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance.

- Essential visitors must wash or sanitize their hands upon entry and exit.
- Visitors will be visually screened for symptoms during sign-in and will not be allowed to enter if symptomatic.

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Face coverings or face shields for all staff, contractors, other service providers, visitors or volunteers following CDC guidelines for Face Coverings. Individuals may remove their face coverings while working alone in private offices. Face shields are an acceptable alternative when a person has a medical condition that prevents them from wearing a mask or face covering, when people need to see mouth and tongue motions in order to communicate, or when an individual is speaking to an audience for a short period of time and clear communication is otherwise not possible. ☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines for Face Coverings. Face shields are an acceptable alternative when a student has a medical condition that prevents them from wearing a mask or face covering, or when people need to see the student’s mouth and tongue motions in order to communicate. ☒ Face coverings should be worn both indoors and outdoors, including during outdoor recess. ☒ Group mask breaks” or “full classroom mask breaks” are not allowed. If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time: <ul style="list-style-type: none"> ● Provide space away from peers while the face covering is removed. In the classroom setting, an example could be a designated chair where a student can sit and take a 15 minute “sensory break;” <ul style="list-style-type: none"> ○ Students must not be left alone or unsupervised; ○ Designated area or chair must be appropriately distanced from other students and of a material that is easily wiped down for disinfection after each use; ● Provide additional instructional supports to effectively wear a face covering; ● Provide students adequate support to re-engage in safely wearing a face covering; ● Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day. ☒ Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses shall also wear appropriate Personal Protective Equipment (PPE) for their role. <ul style="list-style-type: none"> ● Additional guidance for nurses and health staff. <p>Protections under the ADA or IDEA:</p> <ul style="list-style-type: none"> ☒ If any student requires an accommodation to meet the requirement for face coverings, districts and schools must limit the student’s proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include: <ul style="list-style-type: none"> ● Offering different types of face coverings and face shields that may meet the needs of the student. ● Spaces away from peers while the face covering is removed; students must not be left alone or unsupervised. 	<p>Facial shields are required and will be provided for:</p> <p>Bus driver</p> <p>Plexi or face shield</p> <ul style="list-style-type: none"> ● Speech Language Pathologist ● Front office staff <p>Facial Coverings</p> <p><i>Facial coverings are not synonymous with facemasks.</i></p> <p>Facial coverings are required and will be provided for:</p> <ul style="list-style-type: none"> ● SLC (Structured Learning Center) Staff ● Any staff within 6 feet of students <p>l coverings are required for (unless medically determined):</p> <ul style="list-style-type: none"> ● Staff that move among cohorts <p>Facial coverings are recommended for:</p> <ul style="list-style-type: none"> ● All staff ● Itinerant staff <p>Facial covering are NOT recommended for:</p> <ul style="list-style-type: none"> ● Children under the age of 12; <p>Children of any age should not wear a face covering:</p> <ul style="list-style-type: none"> ○ If they have a medical condition that makes it difficult for them to breathe with a face covering;

- Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease.
- Additional instructional supports to effectively wear a face covering.
- ☒ For students with existing medical conditions and a physician's orders to not wear face coverings, or other health related concerns, schools/districts **must not** deny any in-person instruction.
- ☒ Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020, or the current plan in effect for the student if appropriately developed after March of 2020.
 - If a student eligible for, or receiving services under a 504/IEP, **cannot** wear a face covering due to the nature of the disability, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan including on-site instruction with accommodations or adjustments.
 2. Not make placement determinations solely on the inability to wear a face covering.
 3. Include updates to accommodations and modifications to support students in plans.
 - For students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan.
 2. The team must determine that the disability is not prohibiting the student from meeting the requirement.
 - If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability,
 - If a student's 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student's plan prior to providing instruction through Comprehensive Distance Learning.
 3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited in-person instruction, on-site instruction with accommodations, or Comprehensive Distance Learning.
- ☒ For students not currently served under an IEP or 504, districts must consider whether or not student inability to consistently wear a face covering or face shield as required is due to a disability. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.
- ☒ If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools shall work to limit the staff member's proximity to students and staff to the extent possible to minimize the possibility of exposure.

1i. ISOLATION AND QUARANTINE

OHA/ODE Requirements

Hybrid/Onsite Plan

<ul style="list-style-type: none"> ☒ Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day. ☒ Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day. <ul style="list-style-type: none"> ● Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. If two students present COVID-19 symptoms at the same time, they must be isolated at once. If separate rooms are not available, ensure that six feet distance is maintained. Do not assume they have the same illness. ● Consider required physical arrangements to reduce risk of disease transmission. ● Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness. ● Additional guidance for nurses and health staff for providing care to students with complex needs. ☒ Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields. <ul style="list-style-type: none"> ● School nurse and health staff in close contact with symptomatic individuals (less than 6 feet) must wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual must be properly removed and disposed of prior to exiting the care space. ● After removing PPE, hands shall be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. ● If able to do so safely, a symptomatic individual shall wear a face covering. ● To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. ☒ Establish procedures for safely transporting anyone who is sick to their home or to a health care facility. ☒ Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. Refer to table in "Planning for COVID-19 Scenarios in Schools." ☒ Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists). ☒ Record and monitor the students and staff being isolated or sent home for the LPHA review. 	<ul style="list-style-type: none"> ● A designated primary isolation area will be used for students and staff who are symptomatic. (RR room at HS and junior high counseling center) ● Symptomatic students will remain at school until a designated adult can pick them up. ● Staff will be assigned to supervise students who are symptomatic, and will need to maintain at least six feet of distance and wear facial coverings. ● Secondary isolation areas may be identified if/as needed. ● Logs must be maintained for every student who enters the health room, regardless of whether they are treated or sent home. Logs will include: <ul style="list-style-type: none"> ● Name of student ● Reported symptoms/reason for health room visit ○ Action taken
---	--

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines. <input checked="" type="checkbox"/> The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: <ul style="list-style-type: none"> • The ADM enrollment date for a student is the first day of the student's actual attendance. • A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. • If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance. • Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. <input checked="" type="checkbox"/> If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended. <input checked="" type="checkbox"/> When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. Documentation obtained directly from the family does not relieve the school of this responsibility. After receiving documentation from another school that a student has enrolled, drop that student from your roll. <input checked="" type="checkbox"/> Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns. <input checked="" type="checkbox"/> When a student has a pre-excused absence or COVID-19 absence, the school district must reach out to offer support at least weekly until the student has resumed their education. <input checked="" type="checkbox"/> When a student is absent beyond 10 days and meets the criteria for continued enrollment due to the temporary suspension of the 10 day drop rule, continue to count them as absent for those days and include those days in your Cumulative ADM reporting. 	<ul style="list-style-type: none"> • Students and families will be given the option to enroll in fully online distance learning or hybrid learning. • Students enrolled in hybrid learning will participate in in person learning two days each week and online instruction two days each week. <p>Hybrid learning and distance learning opportunities will utilize parallel planning, allowing symptomatic students to continue learning during a medical absence.</p>

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the 	For students attending the hybrid model, twice a week check ins will prioritize two days of in person learning. Students not present for both

<p>instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools).</p> <ul style="list-style-type: none"> ☒ Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). ☒ Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Attendance must be taken at least once for each scheduled interaction with each student, so that local systems can track the student's attendance and engagement. Reported hours of instruction continue to be those hours in which the student was present. ☒ Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance. ☒ Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health. 	<p>days will be counted as present through at least one other method of two-way communication, including:</p> <ul style="list-style-type: none"> ● Google Classroom ● Video ● Assignment submission ● Email communication ● Phone communication <p>For students in fully online learning, two-way communication on two of the 4 days of online learning may include:</p> <ul style="list-style-type: none"> ● Google Classroom ● Video ● Assignment submission ● Email communication ● Phone communication <p>The designated attendance team will review individual and school-wide attendance data weekly.</p>
---	---

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Update procedures for district-owned or school-owned devices to match cleaning requirements (see section 2d of the <i>Ready Schools, Safe Learners</i> guidance). ☒ Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements. 	<ul style="list-style-type: none"> ● All students will be assigned a district-owned device for use at school and at home. ● Deployment of district-provided iPads with hotspots will continue to ensure adequate internet access for all families. ● Additional devices will be accessible for in-building use for students with broken devices or devices left at home. ● Repaired/loaned Chromebooks will be sanitized and allowed to be untouched for 72 hours.

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Handwashing: All people on campus shall be advised and encouraged to frequently wash their hands or use hand sanitizer. ☒ Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. ☒ Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. ☒ Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. ☒ Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If personal items are brought to school, they must be labeled prior to entering school and use shall be limited to the item owner. 	<p>Handwashing: All students will have access to hand washing prior to breakfast and lunch. Frequent opportunities for hand washing will be provided throughout the school day. Hand washing will be supplemented with the use of hand sanitizer.</p> <p>Equipment: Equipment includes materials such as school supplies (scissors, glue sticks), PE and recess equipment, Science Lab supplies.</p> <ul style="list-style-type: none"> ○ Sharing of supplies will be restricted whenever possible. ○ All shared equipment will be cleaned between users (detailed plan forthcoming) <p>Events: Off-site field trips and events requiring visitors or volunteers have been canceled. In-school events will be modified to follow cohorting and social distancing guidance. Athletic events and practices are coordinated OHA, ODE, OSAA, and school board policy. Use of the building by outside groups will not be allowed.</p>

	<p>Transitions/Hallways: Hallways will include one-way traffic markings to reduce contact.</p> <p>Transitions by cohorts groups will be staggered to reduce contact.</p> <p>Student cohorts will remain in the classroom with adult transitions when possible.</p> <p>Cohort classrooms will be assigned by building area/level to allow access to a single bathroom, hands free drinking fountain will only be available and hand washing station throughout the school day.</p> <p>Classroom line up: Visual markers will be used around doorways and inside classrooms and all school facilities to support physical distancing during transitions.</p> <p>Personal Property: Students will not use lockers to store personal property.</p> <p>All personal property brought to school will be carried by the student throughout the school day in their backpack/bag.</p> <p>Personal property must be labeled with a student name and will only be used by the student.</p> <p>Restrooms: Restrooms assigned based on cohort rooms.</p> <p>Visual reminders will be used in all restrooms to encourage hygienic practices including:</p> <ul style="list-style-type: none"> ● Handwashing techniques ● Covering coughs/sneezes ● Social distancing ● Facial coverings <p>Covid-19 symptoms</p>
--	---

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures. ☒ Create schedule(s) and communicate staggered arrival and/or dismissal times. ☒ Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the Ready Schools, Safe Learners guidance). ☒ Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern. <ul style="list-style-type: none"> ● Eliminate shared pen and paper sign-in/sign-out sheets. ● Ensure hand sanitizer is available if signing children in or out on an electronic device. 	<p>Arrival and Entry</p> <ul style="list-style-type: none"> ● Each student will be assigned an entrance point (i.e., a specific door) to the school building. ● Upon entry, students will go directly to their first content cohort (i.e., the students in their first period class). ● Staff will be present at each entry point to visually screen students for symptoms and track cohort data. ● Students identified as potentially symptomatic will be directed to the office. *follow plan outlined in 1a. ● Prebreakfast in the 1st period classroom Students must wash hands before prebreakfast <p>Sign-In / Sign-Out Procedures</p>

<ul style="list-style-type: none"> ☒ Ensure alcohol-based hand sanitizer (with 60-95% alcohol) dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible. 	<ul style="list-style-type: none"> ● Students entering or leaving the building at times other than arrival or dismissal will use the main building entrance. ● Arrivals will be greeted at the door by a staff member to screen and reduce office traffic <p>All sign-in/sign-out tracking will be handled by office staff to reduce sharing of pen/paper</p>
---	---

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times. ☒ Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff. ☒ Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues shall be disposed of in a garbage can, then hands washed or sanitized immediately. <ul style="list-style-type: none"> ● Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<ul style="list-style-type: none"> ● Seating: Classroom desks and tables will be arranged with students being seated a minimum of six feet apart. Students will use a single assigned seat at all times. ● Materials: Each classroom will limit sharing of community supplies when possible (e.g., scissors, pencils, etc.). If needed to share, these items will be cleaned between each use. Hand sanitizer and tissues will be available for use by students and staff. ● Hand Washing: All students will wash their hands upon building entry and prior to breakfast and lunch. Additional hand washing opportunities will be provided throughout the school day. Signage at each sink/hand washing station will remind students and staff of effective handwashing practices. ● Furniture: All upholstered furniture and soft seating has been removed from the school building. ● Classroom Procedures: All classes will use an assigned storage spaces for individual student belongings. If a classroom uses a permanent restroom/hall passes it must be cleaned and sanitized between student use. Consider elimination of shared hall passes. <p>Seating: Each class and hallway will have visual aids (e.g., painter's tape, stickers, etc.) to illustrate traffic flow, appropriate spacing assigned seating areas.</p> <p>Environment: When possible, windows will be open in the classroom when possible: before students arrive, during the day, and after students leave.</p> <p>Each classroom will hold classes outside when possible and encourage students to spread out (with proper notice to the office staff with preference given to band, choir, and PE)</p>

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority's Specific Guidance for Outdoor Recreation Organizations). ☒ After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff. 	<p>Students will access outside areas during planned break times.</p> <p>No outdoor equipment will be used.</p> <p>Activities will be designed to support cohorting and social distancing</p>

- ☒ Before and after using playground equipment, students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.
- ☒ Designate playground and shared equipment solely for the use of one cohort at a time. Outdoor playground structures require normal routine cleaning and do not require disinfection. Shared equipment (balls, jump ropes, etc.) should be cleaned and disinfected at least daily in accordance with [CDC guidance](#).
- ☒ Cleaning requirements must be maintained (see section 2j of the **Ready Schools, Safe Learners** guidance).
- ☒ Maintain physical distancing requirements, stable cohorts, and square footage requirements.
- ☒ Provide signage and restrict access to outdoor equipment (including sports equipment, etc.).
- ☒ Design recess activities that allow for physical distancing and maintenance of stable cohorts.
- ☒ Clean all outdoor equipment at least daily or between use as much as possible in accordance with [CDC guidance](#).
- ☒ Limit staff rooms, common staff lunch areas, elevators and workspaces to single person usage at a time, maintaining six feet of distance between adults.

Students will wash their hands or use hand sanitizer before returning to the building.

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include meal services/nutrition staff in planning for school reentry. ☒ Prohibit self-service buffet-style meals. ☒ Prohibit sharing of food and drinks among students and/or staff. ☒ At designated meal or snack times, students may remove their face coverings to eat or drink but must maintain six feet of physical distance from others, and must put face coverings back on after finishing the meal or snack. ☒ Staff serving meals and students interacting with staff at mealtimes must wear face coverings (see section 1h of the Ready Schools, Safe Learners guidance). ☒ Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and shall be encouraged to do so after. ☒ Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items). ☒ Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts. ☒ Adequate cleaning and disinfection of tables between meal periods. ☒ Since staff must remove their face coverings during eating and drinking, staff must eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces. 	<ul style="list-style-type: none"> ● Serve breakfast and lunch in classrooms and eat with cohort groups. ● All students must wash hands prior to meals. If possible, students will wash hands in the classroom. If not, follow hallway and restroom procedures above. ● Students will pick up food in the cafeteria and return to their classrooms to eat. Physical distancing requirements must be maintained in transit. If a classroom is unable to travel to the cafeteria, cafeteria staff will deliver meals to that classroom. ● Students will not share utensils or other items during meals. <p>Each table/desk will be cleaned prior to meals being consumed.</p>

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Include transportation departments (and associated contracted providers, if used) in planning for return to service. ☒ Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of the bus (see section 2j of the Ready Schools, Safe Learners guidance). 	<ul style="list-style-type: none"> ● First student will be responsible for training for bus drivers ● Work with the transportation department to develop district level routes, training, and updates. <p>Bus routes will be adjusted to support cohorting students and physical distancing, including</p> <ul style="list-style-type: none"> ● Three feet of physical distance between passengers

<ul style="list-style-type: none"> ☒ Staff must use hand sanitizer (containing between 60-95% alcohol) in between helping each child and when getting on and off the vehicle. Gloves are not recommended; hand sanitizer is strongly preferred. If hand sanitizer is not available, disposable gloves can be used and must be changed to a new pair before helping each child. ☒ Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This must be done at the time of arrival and departure. <ul style="list-style-type: none"> ● If a student displays COVID-19 symptoms, provide a face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student. <ul style="list-style-type: none"> ○ The symptomatic student shall be seated in the first row of the bus during transportation, and multiple windows must be opened to allow for fresh air circulation, if feasible. ○ The symptomatic student shall leave the bus first. After all students exit the bus, the seat and surrounding surfaces must be cleaned and disinfected. ● If arriving at school, notify staff to begin isolation measures. <ul style="list-style-type: none"> ○ If transporting for dismissal and the student displays an onset of symptoms, notify the school. ☒ Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service. ☒ Drivers must wear masks or face coverings while driving, unless the mask or face covering interferes with the driver’s vision (e.g., fogging of eyeglasses). Drivers must wear face coverings when not actively driving and operating the bus, including while students are entering or exiting the vehicle. A face shield may be an acceptable alternative, as stated in Section 1h of the Ready Schools, Safe Learners guidance. ☒ Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings). ☒ Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines, applying the guidance in section 1h of the Ready Schools, Safe Learners guidance to transportation settings. 	<ul style="list-style-type: none"> ● Six feet of physical distance between the driver and passengers (except during boarding and in assisting those with mobility devices) <p>Bus drivers will keep daily student logs (See Section 1a)</p> <ul style="list-style-type: none"> ○ The School Nurse will support the training for bus drivers to maintain logs. <p>All drivers will wear face shields or the equivalent.</p> <p>Busses will be cleaned and wiped down between each route daily. If a student displays symptoms, provide a face shield or face covering and keep the student at least 6 feet away from others. Continue transporting the student.</p> <ul style="list-style-type: none"> ● If arriving at school, notify staff to begin isolation measures. ● If transporting for dismissal and the student displays an onset of symptoms, notify the school. <p>School team will consult with families of students who will need additional support on the bus. (This may include an additional staff member riding the bus with students).</p>
---	---

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> ☒ Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC guidance) environments, including classrooms, cafeteria settings and restrooms. ☒ Outdoor playground structures require normal routine cleaning and do not require disinfection. Shared equipment should be cleaned and disinfected at least daily in accordance with CDC guidance. Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students. ☒ To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds. ☒ Schools with HVAC systems must evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor air) to the extent possible. Schools that do not have mechanical ventilation 	<p>All frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) will be cleaned between uses.</p> <p>Door handles, desks, and tables will be cleaned between cohort groups.</p> <p>Ventilation systems will be checked and maintained monthly by maintenance staff</p>

systems shall, to the extent possible, increase natural ventilation by opening windows and interior doors before students arrive and after students leave, and while students are present. Do not prop open doors that can pose a safety or security risk to students and staff (e.g., exterior doors and fire doors that must remain closed).

- Consider running ventilation systems continuously and changing the filters more frequently. Do not use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. Consider using window fans or box fans positioned in open windows to blow fresh outdoor air into the classroom via one window, and indoor air out of the classroom via another window. Fans must not be used in rooms with closed windows and doors, as this does not allow for fresh air to circulate.
- Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments.
- Facilities must be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see [CDC's guidance on disinfecting public spaces](#)).
- Consider modification or enhancement of building ventilation where feasible (see [CDC's guidance on ventilation and filtration](#) and [American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance](#)).
- Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected ([CDC guidance](#)) environments, including classrooms, cafeteria settings and restrooms.

--	--

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs. <input checked="" type="checkbox"/> Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; dental providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC). 	

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach: <ul style="list-style-type: none"> ● Contact tracing ● The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. ● Quarantine of exposed staff or students ● Isolation of infected staff or students ● Communication and designation of where the “household” or “family unit” applies to your residents and staff <input type="checkbox"/> Review and take into consideration CDC guidance for shared or congregate housing: 	

- Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible
- Ensure at least 64 square feet of room space per resident
- Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary;
- Configure common spaces to maximize physical distancing;
- Provide enhanced cleaning;
- Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs.

Exception

- They have a current and complete RSSL Blueprint and are complying with Sections 1-3 of the **Ready Schools, Safe Learners** guidance and any other applicable sections, including Section 2L of the **Ready Schools, Safe Learners** guidance.
- The school maintains a fully-closed residential campus (no non-essential visitors allowed), and normal day school operations are only offered remotely through distance learning.
- There have been no confirmed cases of COVID-19 among school staff or students in the past 14 days.
- Less than 10% of staff, employees, or contracts (in total) are traveling to or from campus. Staff in this designation will:
 - Limit travel to essential functions.
 - Carefully monitor their own health daily and avoid coming to campus at any potential symptom of COVID-19.
- Any boarding students newly arriving to campus will either:
 - Complete a quarantine at home for 14 days (or current CDC recommended time period) prior to traveling to the school, OR
 - Quarantine on campus for 14 days (or current CDC recommended time period).
- Student transportation off-campus is limited to medical care.

2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> In accordance with ORS 336.071 and OAR 581-022-2225 all schools (including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies. <ul style="list-style-type: none"> ● At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats. ● Fire drills must be conducted monthly. ● Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. ● Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. <input checked="" type="checkbox"/> Drills can and should be carried out <u>as close as possible</u> to the procedures that would be used in an actual emergency. For example, a fire drill must be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. <input checked="" type="checkbox"/> When or if physical distancing must be compromised, drills must be completed in less than 15 minutes.	<p>Safety Drills: Safety drills at the start of the school year will be scheduled for both cohorts of students to participate:</p> <ul style="list-style-type: none"> ● September evacuation drill ● Lockdown drill ● Earthquake drill <p>Remaining drills will alternate monthly between cohorts.</p> <p>Staff and students will follow distance requirements during exit of the building.</p> <p>Re-entry to the building will be through an assigned entry point to reduce incidental cont</p>

- Drills shall not be practiced unless they can be practiced correctly.
- Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement.
- If on a hybrid schedule, conduct multiple drills each month to ensure that all cohorts of students have opportunities to participate in drills (i.e., schedule on different cohort days throughout the year).
- Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol after a drill is complete.

--

2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OHA/ODE Requirements	Hybrid/Onsite Plan	
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Utilize the components of Collaborative Problem Solving or a similar framework to continually provide instruction and skill-building/training related to the student’s demonstrated lagging skills. <input checked="" type="checkbox"/> Take proactive/preventative steps to reduce antecedent events and triggers within the school environment. <input checked="" type="checkbox"/> Be proactive in planning for known behavioral escalations (e.g., self-harm, spitting, scratching, biting, eloping, failure to maintain physical distance). Adjust antecedents where possible to minimize student and staff dysregulation. Recognize that there could be new and different antecedents and setting events with the additional requirements and expectations for the 2020-21 school year. <input checked="" type="checkbox"/> Establish a proactive plan for daily routines designed to build self-regulation skills; self-regulation skill-building sessions can be short (5-10 minutes), and should take place at times when the student is regulated and/or is not demonstrating challenging behaviors. <input checked="" type="checkbox"/> Ensure all staff are trained to support de-escalation, provide lagging skill instruction, and implement alternatives to restraint and seclusion. <input checked="" type="checkbox"/> Ensure that staff are trained in effective, evidence-based methods for developing and maintaining their own level of self-regulation and resilience to enable them to remain calm and able to support struggling students as well as colleagues. <input checked="" type="checkbox"/> Plan for the impact of behavior mitigation strategies on public health and safety requirements: <ul style="list-style-type: none"> ● Student elopes from area <ul style="list-style-type: none"> ○ If staff need to intervene for student safety, staff should: <ul style="list-style-type: none"> ● Use empathetic and calming verbal interactions (i.e. “This seems hard right now. Help me understand... How can I help?”) to attempt to re-regulate the student without physical intervention. ● Use the least restrictive interventions possible to maintain physical safety for the student and staff. ● Wash hands after a close interaction. ● Note the interaction on the appropriate contact log. ○ *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. ● Student engages in behavior that requires them to be isolated from peers and results in a room clear. <ul style="list-style-type: none"> ○ If students leave the classroom: <ul style="list-style-type: none"> ● Preplan for a clean and safe alternative space that maintains physical safety for the student and staff ● Ensure physical distancing and separation occur, to the maximum extent possible. ● Use the least restrictive interventions possible to maintain physical safety for the student and staff. ● Wash hands after a close interaction. 	<table border="1"> <tr> <td style="width: 100%; height: 100%;"></td> </tr> </table>	

- Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
 - Student engages in physically aggressive behaviors that preclude the possibility of maintaining physical distance and/or require physical de-escalation or intervention techniques other than restraint or seclusion (e.g., hitting, biting, spitting, kicking, self-injurious behavior).
 - If staff need to intervene for student safety, staff should:
 - Maintain student dignity throughout and following the incident.
 - Use empathetic and calming verbal interactions (i.e. “This seems hard right now. Help me understand... How can I help?”) to attempt to re-regulate the student without physical intervention.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
- *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
- Ensure that spaces that are unexpectedly used to deescalate behaviors are appropriately cleaned and sanitized after use before the introduction of other stable cohorts to that space.

2o. PROTECTIVE PHYSICAL INTERVENTION

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Reusable Personal Protective Equipment (PPE) must be cleaned and disinfected following the manufacturer’s recommendation, after every episode of physical intervention (see section 2j. Cleaning, Disinfection, and Ventilation in the <i>Ready Schools, Safe Learners</i> guidance). Single-use disposable PPE must not be re-used.	

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Review the “ Planning for COVID-19 Scenarios in Schools ” toolkit. <input checked="" type="checkbox"/> Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level.	<p>Response to outbreak plan link forthcoming.</p> <p>Current plan outlines a process for reporting any suspected or confirmed cases of novel viruses to the district nurse.</p> <p>A district response team will review identified cases and follow an established emergency response framework.</p>

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<input checked="" type="checkbox"/> Review and utilize the “ Planning for COVID-19 Scenarios in Schools ” toolkit. <input checked="" type="checkbox"/> Ensure continuous services and implement Comprehensive Distance Learning. <input checked="" type="checkbox"/> Continue to provide meals for students.	<p>An update Dayton School District response protocol is forthcoming.</p> <p>Weekly review of attendance data and reported symptoms by staff and students to determine a potential increase in rates.</p> <p>Report to and consult with LPHA with all confirmed COVID-19 cases.</p>

Temporarily dismiss students attending in-person learning; potential shift to distance learning for all students.

Communication with families regarding criteria that must be met in order for on-site instructions to resume.

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"><input checked="" type="checkbox"/> Review and utilize the “Planning for COVID-19 Scenarios in Schools” toolkit.<input checked="" type="checkbox"/> Clean, sanitize, and disinfect surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds.<input checked="" type="checkbox"/> When bringing students back into On-Site or Hybrid instruction, consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools.	<p>Distance learning and in-person learning will be planned in collaborative teams, allowing for students (and the school community) to move between an in-person and distance learning model. In the event of school closure, all students and staff will participate in distance learning temporarily.</p> <p>Consult with LPHA for guidance on cleaning, sanitizing and disinfecting surfaces.</p> <p>Follow LPHS guidance regarding the return of students and staff for onsite instruction.</p>

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

- We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
 - Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)

- We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
 - Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
 - The [Comprehensive Distance Learning](#) guidance,
 - The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
 - [Planning for COVID-19 Scenarios in Schools](#)

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled “Assurance Compliance and Timeline” below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements <i>Include how/why the school is currently unable to meet them</i>
