

## **Announcement: New Junior High/High School Principal**

As you may already know, the Dayton JH/HS Principal post will be vacant due to the recent resignation of Principal Jami Fluke effective the end of the 2018-19 school year. Before I continue, I'd like to take the opportunity to thank Mrs. Fluke for her 22 years of service to Dayton's students and the Dayton community. Mrs. Fluke, thank you for all that you've done! You will be missed!

Due to this administrative opening, I have asked Dayton Grade School Principal, Stephanie Ewing, and she has accepted, to move to Principal at Dayton Junior High/High School (JH/HS).

Mrs. Ewing will assume the JH/HS principal position officially July 1, 2019, however, she will be involved with several hiring processes and recommendations as we finish out this school year.

Mrs. Ewing is a veteran administrator that began her Dayton career in 2007 as Special Services Director and in 2011 became the Grade School Principal/Special Services Director. Prior to Dayton, she was a K-12 Special Education Program Manager in Gresham-Barlow and Behavior Specialist at Redmond High School, Redmond, Oregon.

Mrs. Ewing's knowledge and expertise in leadership and relationships in our community, her understanding of the vision of innovation, and her organizational skills and attention to detail will serve her well in this new role. I appreciate Stephanie being willing to take on a new challenge and believe that her leadership will foster continued growth and improvement for our secondary students.

Have a wonderful summer!

Best regards,

Jason Hay, Superintendent
